

## SNOW PLOWING

- **Districts**  
Each equipment operator is assigned a certain area for snow plowing during the year. When the need arises, operators will assist in other areas of the County, depending on snow conditions.
- **School Bus Routes**  
School bus routes are given first priority.
- **Other Roads**  
Paved roads that are not school bus routes are given second priority. Gravel roads that are not school bus routes are third priority. Unimproved dirt roads will be plowed upon request and as time allows.
- **General Policies & Procedures**  
Normal snow plowing shall be conducted during daylight hours between 8:00 a.m. & 4:30 p.m.

The “Department” will not plow snow during high winds, unless it is an emergency.

The “Department” will not be liable for any fence damage that occurs to fences that lie within the County’s right-of-way.

The “Department” will not be liable for any mailboxes knocked over or damaged due to snow being plowed. However, the “Department” will replace any mailboxes that are physically hit by the “Department’s” snowplow.

Paved roadways will be plowed when there is an accumulation of at least 2” of snow.

Graveled roads will be plowed when there is an accumulation of at least 6” of snow.

Graveled roads will be sanded only in emergency situations, or at the discretion of the Road & Bridge Superintendent.

Upon the discretion of the Road & Bridge Superintendent, snow plowing of road shall occur during early morning hours and/or weekends.
