LR-128 asks Montana voters to continue the existing 6-mill levy to support Montana's public colleges and universities. Without voter approval, the current 6-mill levy to support Montana's public colleges and universities will expire in January 2019. If passed, this proposal will be effective on January 1, 2019 and terminate January 1, 2029. The prohibition would not apply to an election official, postal worker, caregiver, family member, household member, or an acquaintance. Any such individuals that are caregivers, family members, household members or acquaintances would be required to sign a registry at the polling place or the election administrator's office when delivering the ballot and are required to provide the following information: the individual's name, address, and phone number; the voter's name and address; and the individual's relationship to the voter. Taxes are increased by \$2.00 per pack of cigarettes for a total tax of \$3.70 per pack. Taxes on moist snuff increase to the greater of 83% of wholesale or \$3.70 per 1.2 ounces. The tax rate increases by 33% of the wholesale price for all other tobacco products including new taxes on e-cigarettes and vaping products. I-185 eliminates the sunset date for expanded Medicaid services for certain low-income adults, which otherwise ends June 30, 2019. I-185 dedicates a percentage of these increased tax revenues for: certain health-related programs, including some of the costs for Montana's current Medicaid program; veterans' services; smoking prevention and cessation programs; and long-term care services for seniors and people with disabilities.</p> <p>New revenue from increases in tobacco taxes will generate \$74.3 million per year by 2023. Revenues may decline as fewer people use tobacco. The State must pay a percentage of the cost of the extended Medicaid services, which increases from 6.77% in 2019 to a cap of 10% by 2021.</p> <p><input type="radio"/> YES ON INITIATIVE I-185</p> <p><input type="radio"/> NO ON INITIATIVE I-185</p>
		<p>INITIATIVE NO. 186 (VOTE IN ONE OVAL)</p> <p>A LAW PROPOSED BY INITIATIVE PETITION</p> <p>I-186 requires the Department of Environmental Quality to deny a permit for any new hardrock mines in Montana unless the reclamation plan provides clear and convincing evidence that the mine will not require perpetual treatment of water polluted by acid mine drainage or other contaminants. The terms "perpetual treatment," "perpetual leaching," and "contaminants" within I-186 are not fully defined and would require further definition from the Montana Legislature or through Department of Environmental Quality rulemaking.</p> <p>I-186 will cost \$115,360 in its first fiscal year, increasing to \$118,767 by fiscal year 2021. These costs are associated with more staff for environmental review for mining permit applications and anticipated litigation.</p> <p><input type="radio"/> YES ON INITIATIVE I-186</p> <p><input type="radio"/> NO ON INITIATIVE I-186</p>
