**CONSTITUTIONAL INITIATIVE 126**

CI-126 amends the Montana Constitution to provide a top-four primary election. All candidates, regardless of political party, appear on one ballot. The four candidates receiving the most votes advance to the general election. A candidate may list a political party preference, but a candidate isn't required to be nominated by a political party. A candidate's political party preference isn't as endorsement by the political party. The legislature may require candidates gather signatures up to five percent of the votes received by the winning candidate in

---

the last election to appear on the ballot. All voters may vote for one candidate for each covered office. CI-126 applies to elections for governor and lieutenant governor, secretary of state, auditor, attorney general, superintendent of public instruction, state representative, state senator, United States Representative and United States Senator.

#### **CONSTITUTIONAL INITIATIVE 127**

CI-127 amends the Montana Constitutional to provide that elections for certain offices must be decided by majority vote as determined as provided by law rather than by a plurality or the largest amount of votes. If it cannot be determined who received a majority of votes because two or more candidates are tied, then then the winner of the election will be determined as provided by law. CI-127 applies to elections for governor and lieutenant governor, secretary of state, auditor, attorney general, superintendent of public instruction, state representative, state senator, United States representative and United States senator and other offices as provided by law.

#### **CONSTITUTIONAL INITIATIVE 128**

CI-128 would amend the Montana Constitution to expressly provide a right to make and carry out decisions about one's own pregnancy, including abortion. It would prohibit the government from denying or burdening the right to abortion before fetal viability. It would also prohibit the government from denying or burdening access to an abortion when a treating healthcare professional determines it is medically indicated to protect the pregnant patient's life or health. CI-128 prevents the government from penalizing patients, healthcare providers, or anyone who assists someone in exercising their right to make and carry out voluntary decisions about their pregnancy.
